

## VIEGA TOUR

Join us at our world-class Colorado Seminar Center, featuring more than 3,000 sf of interactive learning space, to discover how Viega system solutions are changing the way the industry joins pipe for 2,500+ applications – delivering stronger, safer connections in seconds. During the site visit, you can expect to:

- Tour our Interactive Learning Center and learn about new concepts from seasoned industry professionals
- Gain insight into how Viega press technology works and the many ways it can benefit projects with hands-on, live product demonstrations
- Discover how Viega's pipe pressing technology can help drive profitability and efficiency when delivering against tight timelines, budgets and labor shortages

Space is limited for this tour so sign up early!
